Digital Lifecycle Services

Procurement specialists everywhere are running into sourcing and delivery issues due to unprecedented disruptions in the global supply chain, and the situation is unlikely to improve anytime soon.

Fortunately, Pomeroy provides industry-recognized device procurement and lifecycle support. Our procurement capabilities combined with our key technology partnerships lead to faster acquisition and delivery of the devices you need.

Our industry-leading sourcing, competitive pricing, and ability to deliver mean fewer wild goose chases and a happier line of business customers for corporate procurement.

Pomeroy partners with clients to help optimize and enhance their digital infrastructures to transform the workplace experience with the resources required to assess, design, deploy and continually innovate an agile, flexible IT environment.

5 Keys to Delivering a Great Experience

- ✓ **End to End Fulfillment** – Quickly getting devices in users’ hands is what our best-in-class fulfillment process accomplishes with acquisition via Advanced Sourcing or ordered directly through our customer portal, shop.pomeroy.com.
- ✓ **Device Configuration** – Rapidly activate new devices across distributed locations through our Over the Air (OTA) configuration for that exceptional out-of-the-box experience or take advantage of bulk device imaging through our Global Logistics Center.
- ✓ **Speed to Deployment** – We make the complex look easy—from logistics, staging, kitting & packetizing, asset labeling & more.
- ✓ **End to End Lifecycle Support** – If it ever breaks, our Advanced Exchange provides a fast replacement. We also offer in-house warranty repair as well as onsite field support when needed.
- ✓ **Lifecycle Refresh** – We securely dispose and recycle end-of-life devices and offer brokerage services that provide revenue streams back to you.
